

Environmentally Superior Technology

Pelagic GZ 12

Hydraulic Control Fluid

Niche Products Limited

Contains only PLONOR Chemicals.

GREEN ZONE for discharge in Norwegian Waters.

Suitable for use in Barents Sea.

Excellent Technical Performance.

Highly resistant to explosion in high pressure air operated systems.

Capable of Operating in a wide range of Hydraulic Systems.

Pelagic GZ 12 Hydraulic Control Fluid is an environmentally superior alternative to existing Hydraulic Fluids on the market today, including standard ISO mineral oils and water based heave compensator fluids.

Pelagic GZ 12 contains only PLONOR Chemicals and is Green Zone for discharge in Norwegian waters.

Pelagic GZ 12 exhibits excellent corrosion protection, lubricity, anti-wear, stability, microbiological protection, material compatibility and all round technical performance.

Pelagic GZ 12 has an upper temperature stability of 70°C.

Pelagic GZ 12 offers a high degree of resistance to explosion in high-pressure air operated systems and has been fully tested for compression ignition in line with industry safety requirements.

Niche Products are happy to work with customers to fully qualify Pelagic GZ 12 in their equipment and have a large technical resource available.
